INTRODUCTORY INFORMATION..

THE large yearly increase in sales since 1897, justifies the policy adopted at that time. I will, therefore, continue to market only goods of quality at universally low prices for cash and to treat my customers with fairness and liberality.

I am absolutely certain of the quality of the goods I sell and represent every item exactly as it is. I will gladly secure for my customers any article not listed herein at the lowest market price.

The quotations in this catalogue are subject to changes.

CASH SELLING My method of doing business is **LOW PRICES** economical, as I employ no travelling salesmen, carry no time accounts, and have no collectors to pay. All these methods are costly and must be added to the selling price of goods and the buyer pays it. I have no such expense, and in consequence sell goods at prices below competition. I give customers the benefit of my saving and solicit business on a cash basis only.

MONEY If you buy goods from me and **REFUNDED** are not satisfied, or if you change your mind about wanting them upon their receipt, or if for any reason or no reason you return them unused, and promptly, with charges prepaid, you may have your money back without talk.

I try to avoid making mistakes, but never to avoid righting them.

MAIL ORDER DEPARTMENT

I HAVE a well organized department for *mail orders* and give them special care. I make immediate shipment of all goods in my catalogue and will gladly secure for my customers any article not listed herein.

MY TERMS ARE CASH

My terms to all are cash, as per my net price list, from which there is no discount of any kind.

Cash must accompany order or I will send goods C.O.D., if a deposit of \$2.00 is sent with orders less than \$20.00; \$5.00 deposit is required on orders exceeding \$20.00; I will ship goods by freight, making draft with Bill of Lading attached, collecting same through your bank, if order amounts to \$10.00 or more provided a deposit is sent as above. Please remember that it puts me to considerable expense and trouble if you refuse my draft or delay paying it, and that your promptness is always appreciated.

HOW TO REMIT

Remittances may be made by post office or express order, or currency may be sent in registered letter. *One or two cent stamps* will be accepted in payment of amounts less than \$1.00. Owing to the regulation adopted by the associated banks, I cannot accept out of town checks unless 15c. additional is included for collection.

HOW SHALL I SHIP?

Please state how goods are to be shipped; whether freight, express, or mail, and if by the latter, include postage, at the rate of 1 cent per ounce. I cannot be responsible for the safe arrival of articles mailed unless 5c. additional is enclosed for registering. Liquids cannot be sent by mail. Express shipments will be delivered free to any Express Company in Toronto, but please state which company you prefer.

GOODS RETURNED

If through any fault of mine a mistake is made in shipping, please notify me first and I will give instructions to have goods returned at my expense. If the fault is yours return goods promptly with transportation charges prepaid and I will credit you with full amount. In either case please send an invoice showing date of shipment and amount of credit wanted. Goods which I do not catalogue, but secure on your special order from others are not returnable.

Acetylene Gas Lamps

The following lamps use carbide, which, in connection with water, generates acetylene gas, the light being many times brighter than oil and very economical to use. All the lamps I sell give excellent satisfaction, and are guaranteed by the makers.

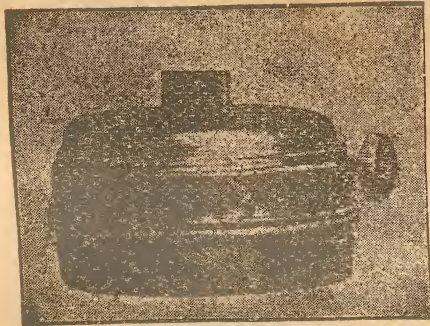

“Admiral”

COMBINATION LAMP

Two Lamps in One at the Cost of a Single Lamp.

Unexcelled in Design and Finish.
Always Ready—Never Disappoints
BURNS GAS With equal freedom BURNS OIL

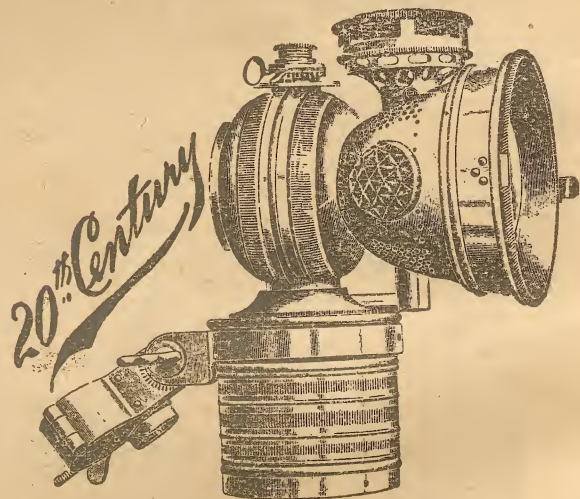

**The Oil Attachment
NEVER
DISAPPOINTS**

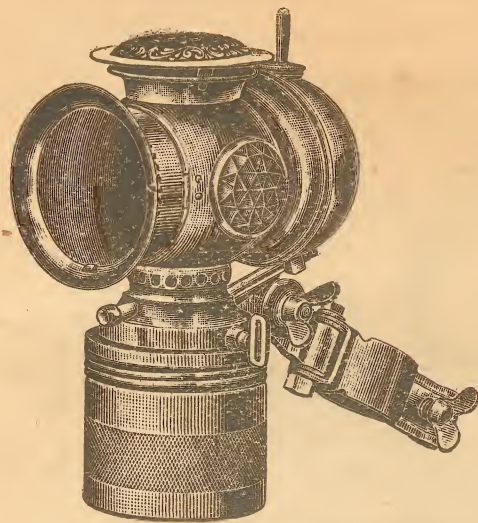

Ever since the advent of the Bicycle, the highest skill of the artisan has been directed to the perfecting of a lamp to fill all requirements and meet all emergencies. Judging from the favour with which it has been met, has completely filled these requirements.

Is in a Class by Itself. The Only Combination Lamp.
Without a Competitor. Price, \$3.00.

20th CENTURY

An old favorite, and in its latest improved form is sure to be a popular lamp. Changed in outward appearance and construction. Internally much simplified. Nothing to get out of order. All parts interchangeable, simple to replace and adjust. The patented water valve delivers water steadily, so that the flame is always uniform. It gives a great broad reflected light, lighting up the whole road ahead. Comparison in this respect and in general first-class workmanship invited with all other lamps in the world. Burns six hours—any lump carbide. Price, \$2.50 each.

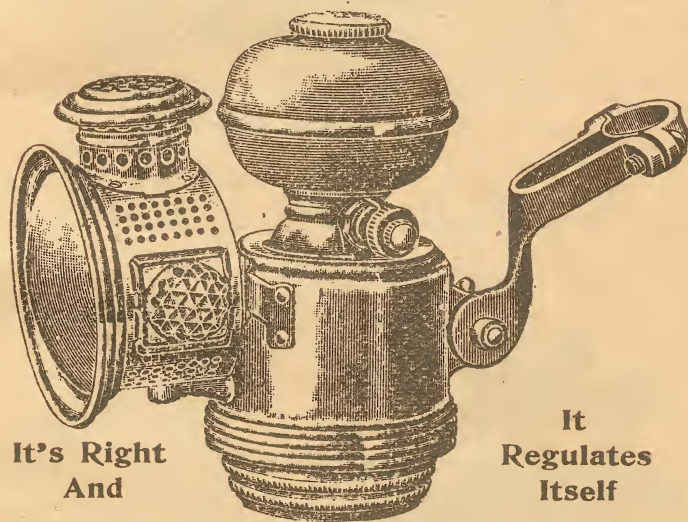

**THE NEW
SOLAR**

It is simple, safe, sure and works automatically, the flow of water being controlled by passing through a wick. There is nothing to get out of order. Uses carbide any form.

Price, \$2.50 each

"M. & W. IMPROVED" GAS LAMP

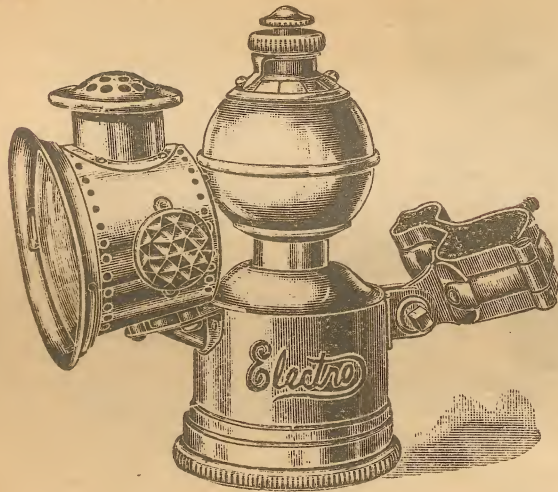

**It's Right
And**

**It
Regulates
Itself**

With full charge will burn over five hours. The patent water trap and gas seal make the flame steady, and the combination gas and water cock is an important feature. The water and gas can be turned off at the same time, preserving the gas in readiness for future use. There is no danger of the generation of gas continuing, as the same action of the cock that turns off the gas has already automatically shut off the water. This lamp is all right and equal to many higher priced lamps. I recommend it. Price, \$1.50 each.

ELECTRO GAS LAMP

Easy to charge, easy to operate.

All parts are metallic, easy to get at to clean and keep in working order.

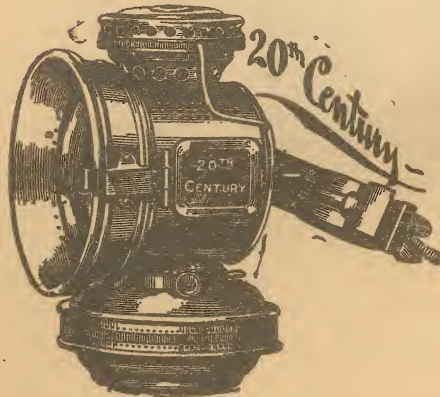

The Water Feed is automatic, requiring no regulator. Water flows proportional to flame set.

Price, \$1.50.

CARBIDE, 1 lb tins, - 15c. each
 " 2 " - 25c. "

Kerosene Oil Lamps

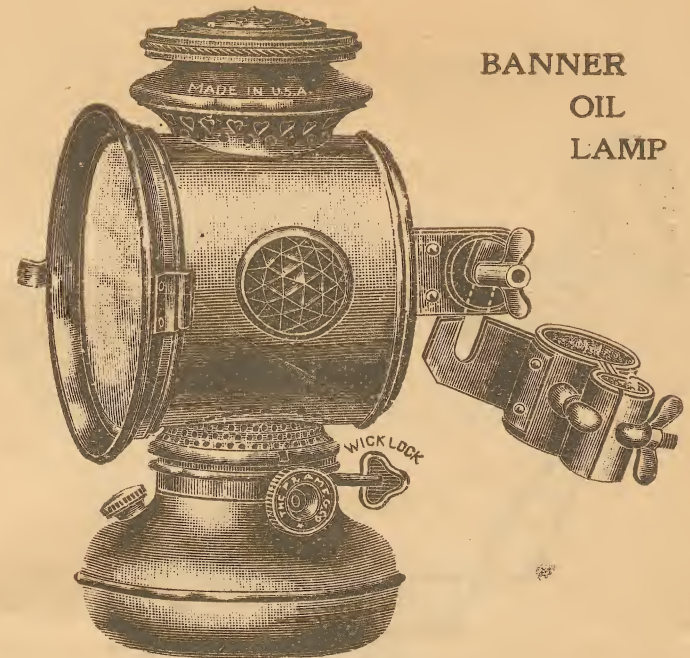

20th CENTURY LAMP

The Perfected Model overcomes all difficulties; smaller, lighter, handsomer, but with the same great light-giving capacity. When properly handled will not smoke, jar, or blow out. The wick self-locks. New and much more convenient combination bracket for head and fork of Bicycles and Carriage Dashboards. It gives the great-

est satisfaction. Carriage attachment 75c. extra. Price, \$1.60 each.

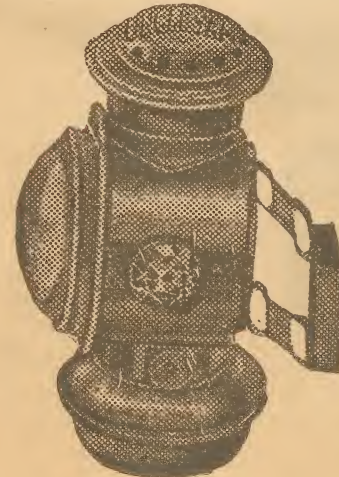

BANNER OIL LAMP

It is made of brass, finely polished and nickel plated, and weighs but 12 ounces. The light is white and intense, and it stays alight in spite of wind and jar. The reflector is parabolic, thus throwing all the rays of light straight ahead. It can be taken apart to clean.

The oil fount is packed to prevent the oil working out. The lamp burns 10 hours without refilling. It represents the wisdom gained in 50 years of lamp building.

Price, \$1.50 each.

UNCLE SAM OIL LAMP

This lamp is made of brass finely polished and nickel plated and weighs but 10 ounces. The design is symmetrical and the light-giving qualities are excellent. It has a swinging door with a bull's-eye lens that is practically unbreakable. It burns any kind of bicycle or signal oil and stays lit.

Price 75c. each.

Lamp Sundries

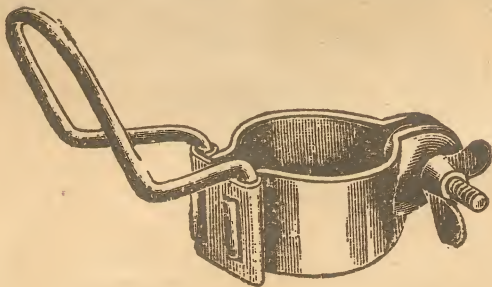

AXLE LAMP BRACKET

Neat and Simple. Fits any Wheel.
Nickeled.

5c. each, postage 2c. extra.

HEAD LAMP BRACKET

A strong and easily adjusted lamp bracket, felt-lined and nickel plated.

Price, 10c. each, postage 2c. extra.

LAVA TIPS

The Lava Tips or Burners are suitable for practically all gas lamps. They are correctly constructed and the best obtainable.

Price, 6c. each, postage paid.

Silvertone Bicycle Bells

CONTINUOUS PUSH BUTTON FLAG BELL

Union Jack Flag in fancy colours, winds up.

Price, 60c. each
postage paid.

MOSSBERG BICYCLE BELLS

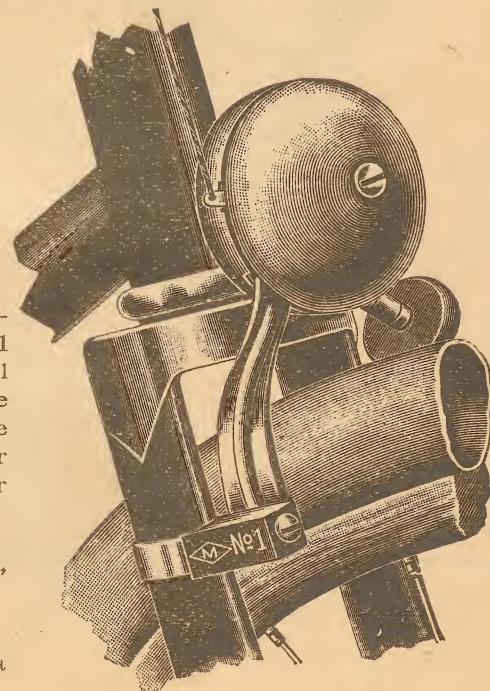

TIRE CHIME No. 1

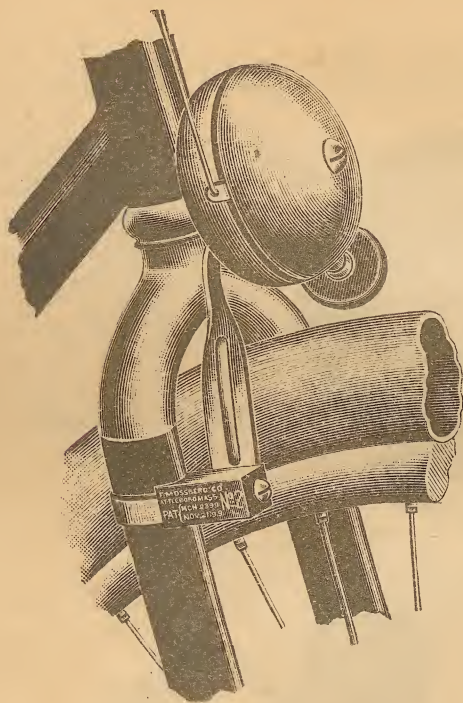

Electric Stroke
Action . . .

This cut illustrates the No. 1 Tire Chime Bell attached. Can be fitted to any make of bicycle, either front or rear wheel.

Diameter of Gongs,
 $2\frac{1}{2}$ inches.

Price, 65c. each
postage 10c. extra

**MOSSBERG
TIRE GONG
No. 2.**

The No. 2 Bell is very similar in appearance to the No. 1 Chime but when sounded produces a single tone in place of chimes.

Diameter of Gong
2½ inches

Price, 50c. each
postage 10c. extra

"ELECTRIC CHIME" No. 12

2½ inch Gongs

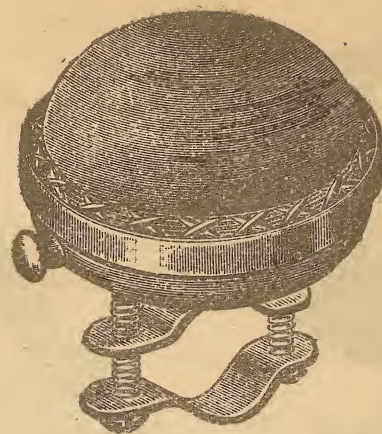

Electric Stroke Action

PATENTED

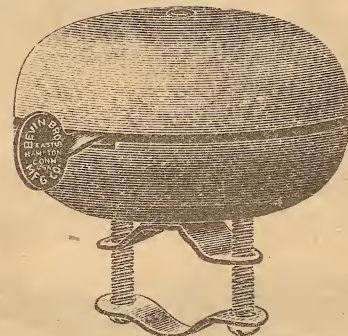

The mechanism employed in this bell is extremely simple and effective, and produces a tone that for clearness and penetrating qualities has no rival.

Especially suited to "scorchers" and tandem riders, and guaranteed to "clear the road."

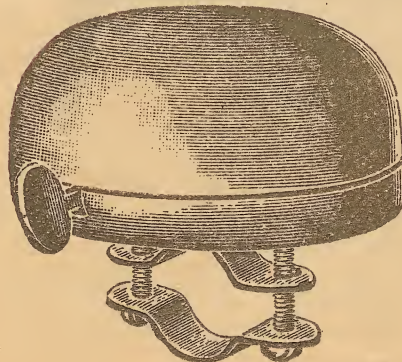

Price, 60c. each
postage 10c. extra

PUSH BELL (that winds up all right). Price, 30c. each.
Postage 5c. extra.

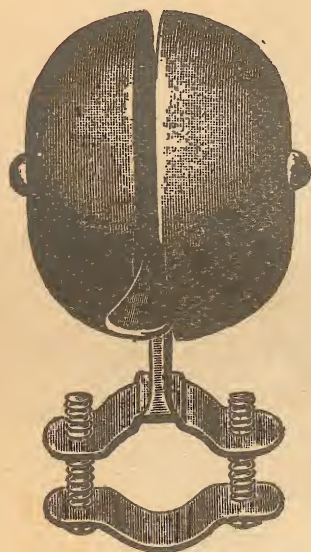

20th CENTURY DOUBLE BELL.
Price, 50c. each. Postage, 6c. extra.

ELECTRIC
STROKE BELLS
1½ and 2 inch, 15c. each
postage 5c. extra

PUSH BELLS
(Fine) 25c. Postage,
5c. extra.

SPECIAL ALARM BELLS

HARRISON ALARM
Price 50c. each, Postage
10c. extra.

"CLEAR THE ROAD ALARM."

Double Stroke. Tandem. Nickel Gong. Japanned Base.
First a fad, now a staple article.

This style of alarm has for some time been coming into general use among wheelmen and business men who have occasion to ride through or across the crowded streets of our cities, where the noise of heavy trucking effectually drowns the sound of the smaller bells.
Price for 4 inch gong 55c. each, postage 16c. extra.

**OSTERMAN
TIRE BELLS**

Price only 50c. each, post-
age 10c. extra.

Special Alarms

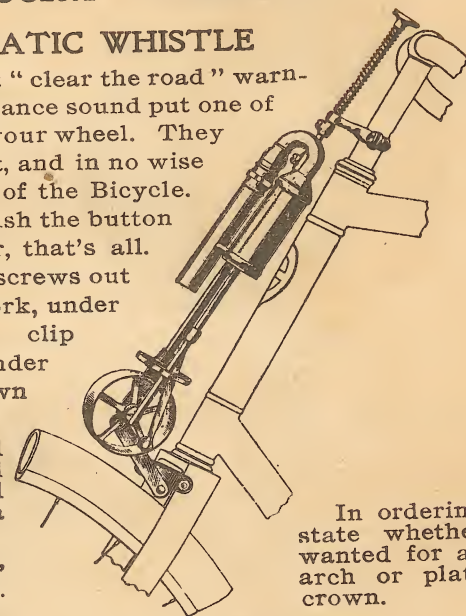

AUTOMATIC WHISTLE

For a downright "clear the road" warn-
ing, for a long distance sound put one of
these whistles on your wheel. They
are light in weight, and in no wise
retard the motion of the Bicycle.
To operate just push the button
on the handle bar, that's all.

To attach, take screws out
of clip, place on fork, under
crown, adjust clip
around head, under
handlebar as shewn
in cut.

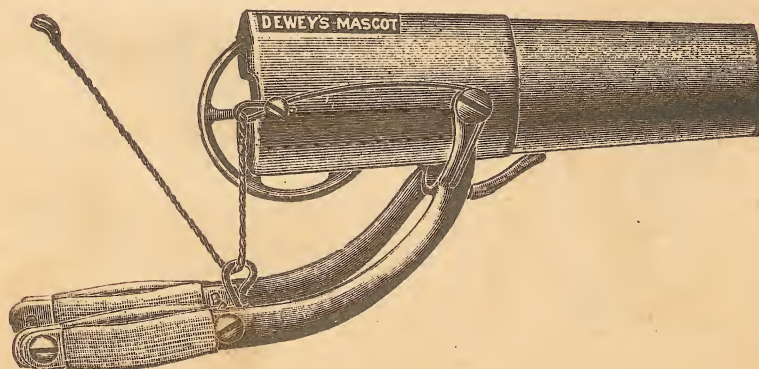

Nickel plated
and polished and
each one packed
separately in a
box.

Price, 60c. each,
postage 10c. extra.

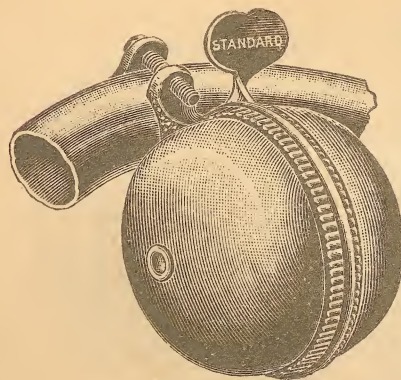

In ordering
state whether
wanted for an
arch or plate
crown.

DEWEY MASCOT ALARM

CLEAR THE ROAD

Louder and more effective than any bell. Sure to
attract attention. handsomely nickel plated. Attached
to any wheel in a moment. No wear on the tire. Price,
only 15c. each, (price used to be 75c.), postage 10c. extra.

ROTATING CHIME BELL

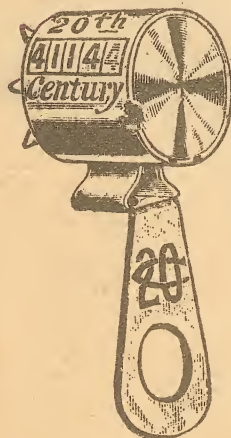

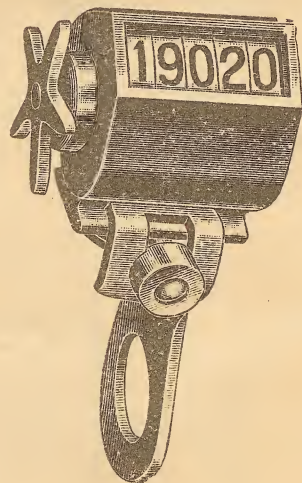

The most effective chime bell ever produced for a bicycle; strong, compact and well made. It is convenient and easy to operate and a variety of alarms can be sounded. Suitable for either handle-bar or frame of bicycle or for steering rod of automobile. Non-winding, non-revolving top, continuous rotating movement. $2\frac{1}{2}$ inches.

Price, 50c. each, postage 10c. extra.

VEEDER CYCLOMETER

Absolutely positive mechanism. Dust proof and water proof. All parts are scientifically designed and are accurately made. Registers 10,000 miles and repeats. Small size, handsome appearance.

Price, 50c. each
postage 5c. extra

20th CENTURY CYCLOMETER

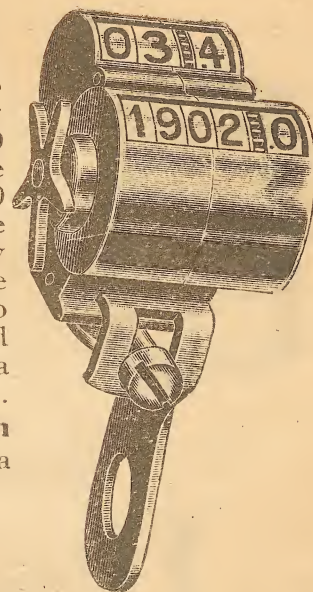

Guaranteed accurate. Small and handsome; guaranteed and lowest in price; 10,000 miles and repeat.

Price, 40c. each, postage 5c. extra.

VEEDER TRIP CYCLOMETER

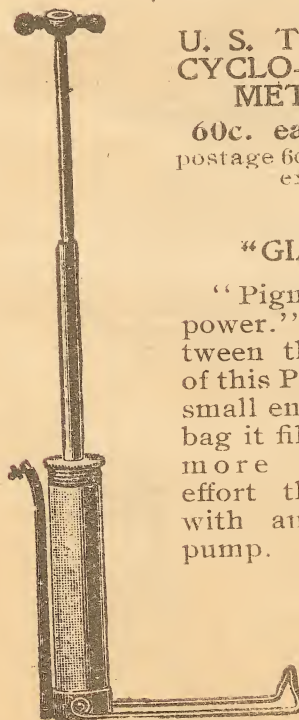

This is practically two cyclometers placed side by side. One registers 10,000 miles and repeats, while the "trip" part registers but 100 miles and repeats. The latter, however, can at any time be set at zero. The rider is thus enabled to secure his daily mileage and at the same time have a record of his total mileage.

Price, \$1.50 each
postage 6c. extra

U. S. TRIP CYCLO- METER

60c. each
postage 6c. extra.

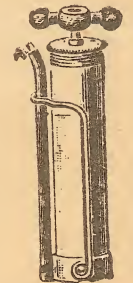

EXTENDED

"GIANT" POCKET PUMP

"Pigmy in size, but giant in power." expresses the relation between the dimensions and strength of this Pocket Foot Pump. Although small enough to go into a bicycle tool bag it fills a tire with no more expenditure of effort than is required with an ordinary foot pump.

No. 3.
Each 50c.

CLOSED.

Air Drying Enamel

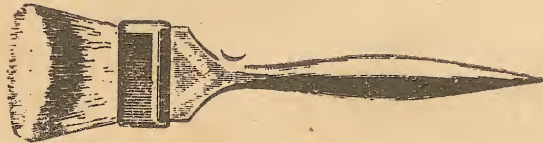

For touching up bicycles where enamel is scratched, marred or worn off, and for enameling entire bicycle, frame and rims. Covers perfectly and dries with a beautiful glossy finish.

In ordering state which color you desire: olive green, sterling green, maroon, crimson, orange, yellow, royal blue, black and white.

Per can 10c.

Enamel Brushes

These brushes are rubber bound and made especially for applying baking enamel. They are made of best badger hair, will not shed, and are adapted for fine enameling.

1 inch. Price..... 40c. each.
Ordinary Brushes 10c. each.

Cleveland Blue

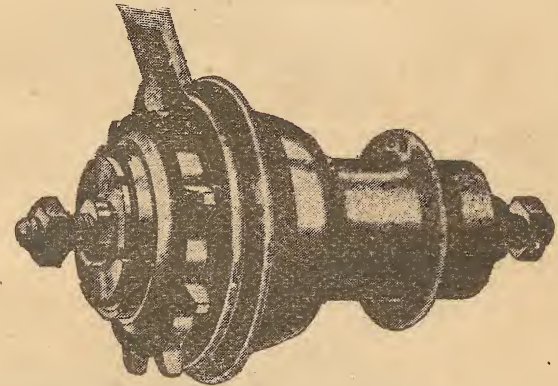

Many preparations have been concocted in imitation of, and said to be "just as good as Cleveland Blue," but our advice is buy only the original, if you want a real satisfactory article. When applied to nickel parts prevents rust and gives a bright blue finish.

Price, 2 oz. bottle, 15c.

BELLS, First Class Single Stroke Bells, post paid, 10c.			

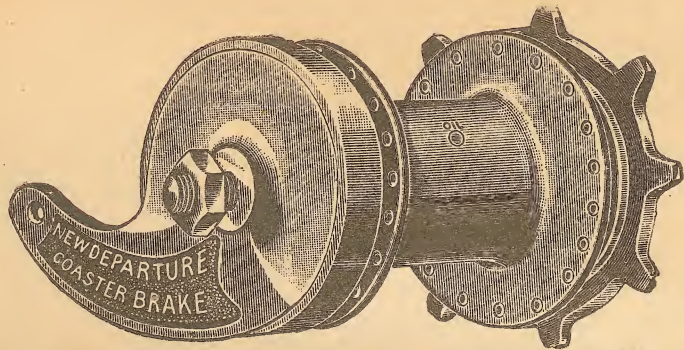

THE MORROW COASTER BRAKE

There are many good reasons why the Morrow is the foremost, as it was the first device of its kind. In design and construction it is about as near perfection as anything can well be. Its working is positive and efficient, and whether employed as a coaster or as a brake, it is absolutely reliable. There is nothing to get out of order, no parts to give trouble. The rider is relieved of all anxiety and coasts or brakes at will, secure in the faith that all will go well.

Furnished with 8, 9, 10, 11, or 12 tooth sprockets 1/4, 3/16 and 1/8 inch wide, 1 inch pitch. Also, 13, 14, 15, 16, 17, 18, 20, 22, 24, 1/2 in. and 5/8 in. pitch. The new adjustable arm attachment will fit any size rear forks.

No. 1, Each, \$4.75.

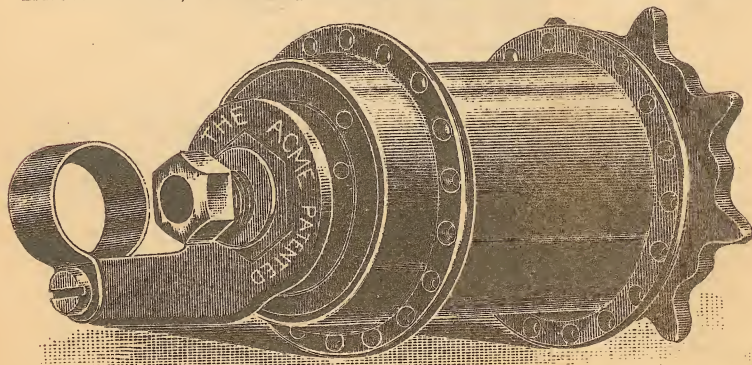

NEW DEPARTURE COASTER BRAKE.

This illustration shows the latest model of the New Departure Coaster Brake. The new form can be taken apart and put together again by anyone, without the aid of tools, and requiring scarcely more time than with the ordinary solid hub. No attention is required beyond oiling, and both coasting and driving bearings are adjusted by cone at sprocket side.

Sprockets are supplied $\frac{1}{2}$ inch, $\frac{3}{16}$ inch and $\frac{1}{4}$ inch thick. By the aid of detachable sprockets, provision is made for fitting tandem hubs with $1\frac{1}{2}$ inch, 2 inch and $2\frac{1}{2}$ inch chain line, regular hub with $1\frac{1}{2}$ inch, $1\frac{3}{8}$ inch and $1\frac{1}{4}$ inch chain line. The straight sprockets provide for the medium measurements of chain line, and sprockets with offset centres provide for the narrow and wide chain lines.

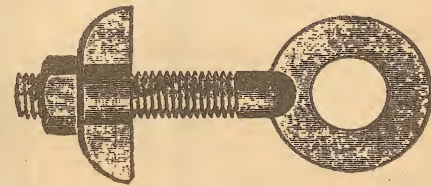

Sprockets from 7 to 12-tooth; $\frac{1}{2}$, $\frac{3}{16}$ and $\frac{1}{4}$ inches thick.
 No. 2. Regular, $1\frac{1}{2}$ inch, $1\frac{3}{8}$ inch and $1\frac{1}{4}$ inch chain line; length over all, $4\frac{3}{8}$ inch. Each.....\$4.75.
 No. 2T. Tandem, $1\frac{1}{2}$ inch, 2 inch and $2\frac{1}{2}$ inch chain line; length over all, $5\frac{3}{16}$ inch. Each.....6.00.
 Extra Sprockets, New Departure Coaster Brake.
 Each......50
 Extra Cones, New Departure Coaster Brake. Each, .25

SADDLE SPRINGS

Gordon Coil No. 2 Coil Plain or Truss Sp'g

Plain or Truss Spring
20c. each

Number 2 Coil Spring
25c. each

Gordon Coil Spring, 25c. each

CRANKS

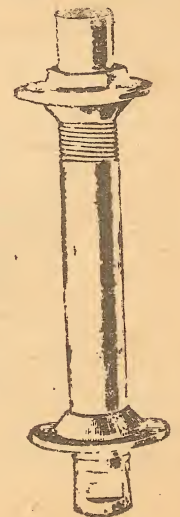

These cranks are drop forged, finished, and finely nickel plated. Made for $\frac{3}{8}$ inch shaft, tapped $\frac{1}{2} \times 20$ right and left for $\frac{3}{8}$ cotter pins. Length, $6\frac{1}{2}$ and 7 inches. List price, per pair 40c.

CRANKS

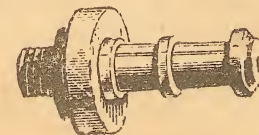

CRANK AXLE SETS

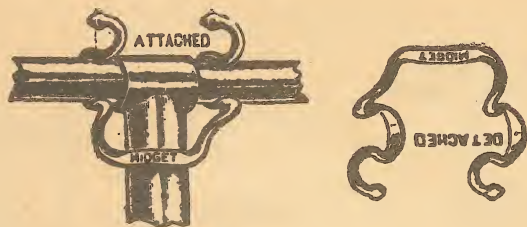

Complete set with cups
Price, 75c.

"SWIVEL K" NIPPLE

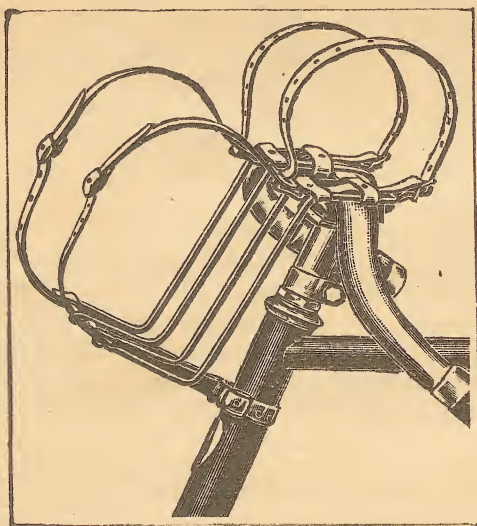

List price, each 8c.

Midget Parcel Carrier. Price, post paid, 15c.

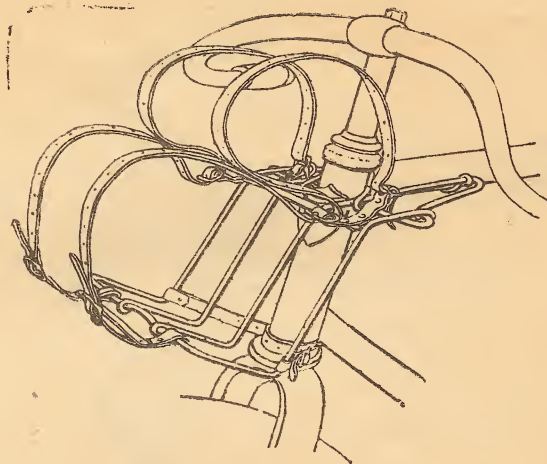

Will carry 100 lbs.

Lamson Double Carrier, No. 4-D. (6 inch drop.)

Price, \$1.25 each.

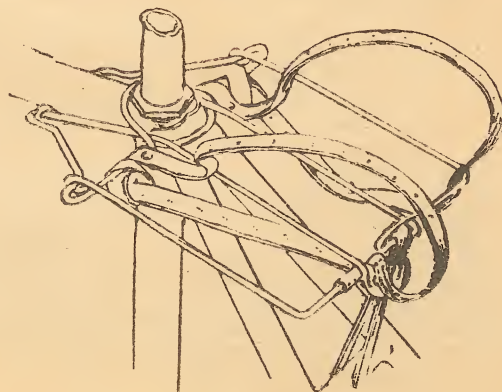

Its construction is similar to the 4-s, but the straps are so arranged that two bundles can be carried independently. The main bundle need not be disturbed until the end of the day, as the upper part will carry the coat, etc., independent of the lower frame. Unusually light and strong and will not sag.

Peterson Carrier, No. 2. Price, \$1.00.

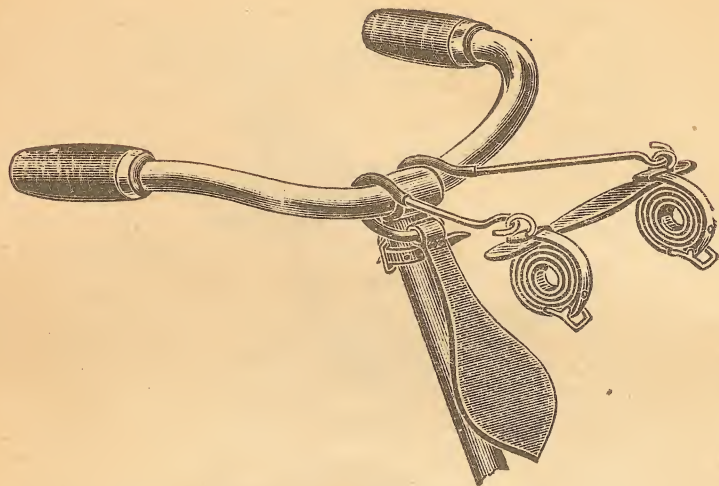

A double carrier with 5 1-2 inch drop shelf for carrying two separate bundles.

One of its strong points is that it is reversible, viz.: may be used on front or rear of machine. It is easily fastened to or detached from the bicycle and does not mar or scratch the enamel.

Peterson Carrier, No. 1. Price, \$1.00.

A single carrier with straight shelf and carries an ordinary package.

The "Ideal" Carrier.

This Carrier fits any bicycle. It is made from a high grade of spring wire and can be supplied either with or without strap. It will adjust itself to any size bundle. Nicely finished and nickel plated. This is the carrier I recommend.

Price, complete, 60 cts. each. Postage 10c. extra.

Fine Quality Lacing Cord.

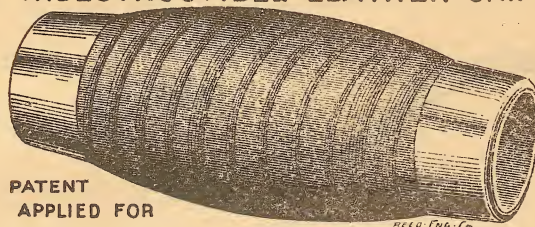

For skirts and chain guards. Colors: wine, black, tan, black and red, black and yellow, green and various combinations.

No. 18. Package of 18 yards, per package.....10c.

THE NEFF ADJUSTABLE SPRING HANDLE BAR

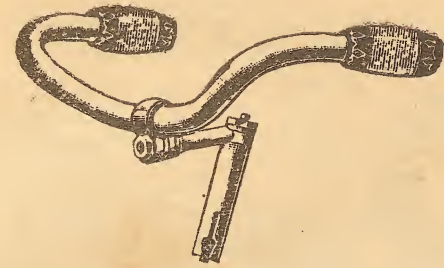

Price, \$2.00. Complete.

We place the spring in the stem of the bar which is so constructed that the cushion comes only on the down pressure of the hands on the bar. In hill climbing it is perfectly rigid on the upward pull.

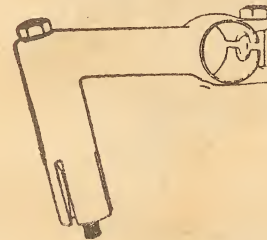

It is made from the best seamless tubing and drop forgings throughout and the finish is of the best nickel plate on which is placed first a plate of copper.

In the construction of this bar we give the forward extension of one and one-half inches. They are made in up and down turn bars, low drop and from 18 to 22 inches in width. Stems are 3-4, 13-16 and 7-8 inches.

HUSSEY ADJUSTABLE BAR

It is possible to set this handle bar in 45 different positions, the grips remaining same distance apart at all times. The forward arm may be set backward, forward, or reversed or left out altogether, thus making the bar a 3-inch or 1-inch extension. The material and finish is excellent and the expander device effective and simple. $\frac{7}{8}$ inch stems only. Price, \$1.50 each.

EXTENSION STEMS

I can supply Extension stems with or without expander or complete extension bars with any top illustrated. Price 75c. each.

REGULAR STEM

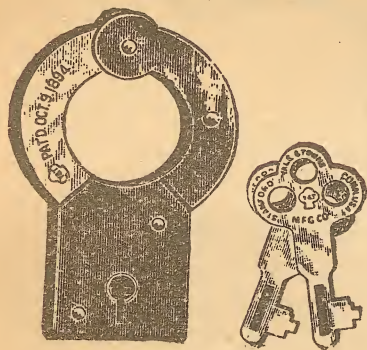

I can supply adjustable handle bar stems with or without expander, in $\frac{3}{4}$, $\frac{13}{16}$ or $\frac{7}{8}$ inch sizes. They are interchangeable and fit practically all handle bars with $\frac{7}{8}$ inch tops. Price, 50c. each.

Ordinary steel adjustable handles.

- Each 75c.
- Steel stationary up-turn bars. Each 50c.
- Steel R.H. handle bars. Each.... 50c.
- Wood Adjustable bars. Each..... 10c.

YALE SPROCKET LOCK

It may be carried in the tool bag or in the vest pocket; is easily applied, locks the chain and sprocket securely together, and (having a keyhole on either face) is quickly unlocked. Full nickel plate.

Price 30c. each
Postage 5c. extra.

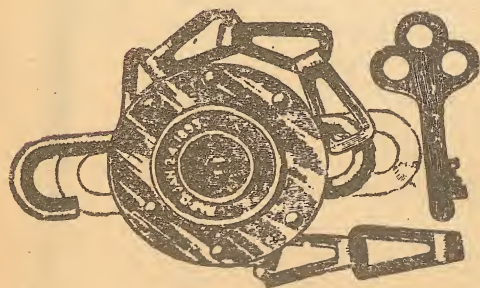

EAGLE SPROCKET LOCK, No. 4066

Black finish. By far the best cheap sprocket lock on the market.

Price 15c. post paid.

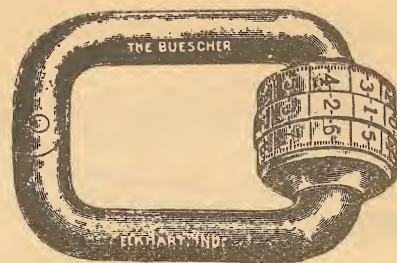

LOCK AND CHAIN

These locks are made with corrugated brass shells, steel chain 15 inches long, 4 tumblers, and are practically unpickable. 12 combinations to dozen. 2 cold rolled steel keys.

Price 25c. each. Postage 5c. extra.

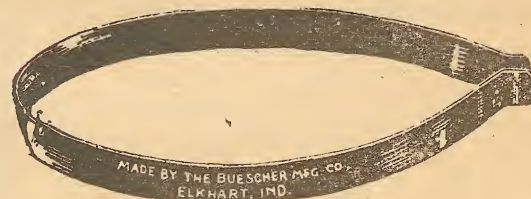

Combination Lock

Regular four tumbler combination, aluminum hinged shackles, with core of steel, giving lightness and strength; combinations are all different; and can be unlocked in the dark. No. 5.

List Price.....50 cents each.

Trouser Guards

Price, 3 cents pair.

Postage, 2 cents extra.

BEVIN SIDE TROUSER GUARDS

Price, 5 cents pair.

Postage. 2 cents extra,

Double Grip Trouser Clip

Small and Convenient. Easily adjusted and stays on. I think equal to any clip made.

Graphite

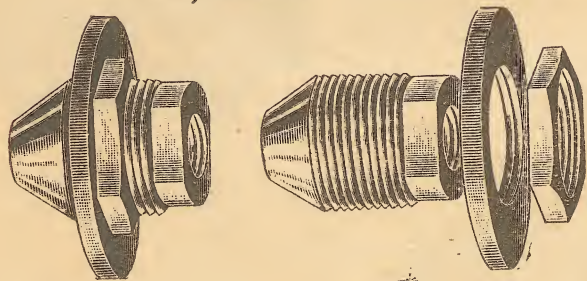

It will thoroughly lubricate the chain and stop all cracking and snapping.
Price, stick.....\$0 05

Spoke Wrench

This is a practical little tool and can be carried in the pocket or tool bag. It will fit any size spoke nipple and is made of tool steel, tempered and hardened, finely nickel plated and polished.
Price, each.....\$0 15

Adjustable Cones.

The cone requires no fitting to adapt it to any hub. The only part to be adjusted is the dust cap, which can be cut down with an emery wheel or file to fit inside of cup. This adjustment is quickly and easily made, and the dust cap remains securely where it is set. Sizes in stock: For axles of diameters, $7/32$, $1/4$, $9/32$, $5/16$, $3/8$, $7/16$.
List price, each.....\$0 35

Bicycle Saddles

Christy Saddle
Price - 75c.

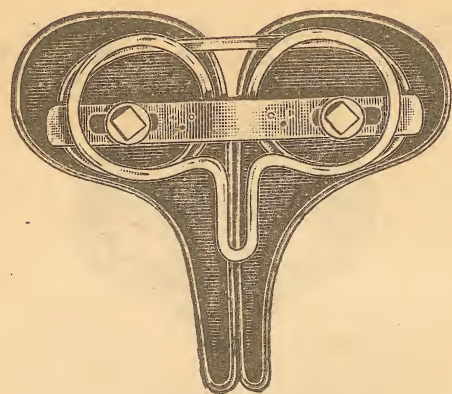

Kirkpatrick Hammock

For real solid comfort all makers of saddles agree that the Hammock type is far and away the best. The above cut shows the genuine Kirkpatrick Hammock. It is a perfect hygienic saddle.

There are springs at both ends. The jar from either wheel is thus fully compensated, and no vibration is felt by the rider. No jar whatever is communicated to the seat proper. The springs at the front end give protection from jars where most needed, in which respect this saddle differs from all others.

No. M. For medium weight men. Each..\$2 25

McFADDEN EXERCISER

A complete home Gymnasium ; a wonderful variety of movements that make it a pleasure to exercise. Tension can be regulated to suit the requirements of any member of the family.

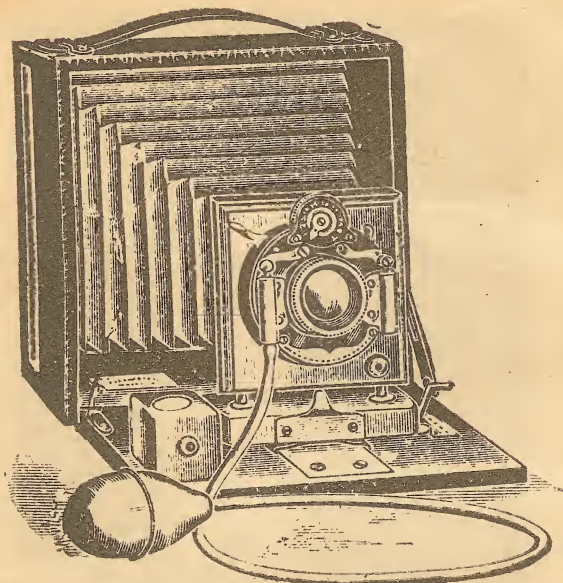

The principal of these machines is non-elastic cord, running over the pulleys: with elastic attachments at the bottom. The machine is so constructed as to permit independent movements with either hand. The pulleys are made of best quality hard wood. All the metal parts are nickel plated.

Packed one in a box, with instruction charts and hooks.
Price, \$1.25 each. Postage, 25 cents extra.

EXERCISERS. I have just received a fine lot of Exercisers, which I am offering at 35c. post paid.

The Onondaga Camera

THE ONONDAGA CAMERAS are practical, durable instruments, built with care by experienced workmen. They have a handsome seal-grain covering, and varnished mahogany finish on the front and inside of case.

The Front has a rising and falling movement for regulating the amount of sky and foreground. The reversible back is fitted with spring actuated ground glass frame, which recedes to allow the plate-holder to be inserted.

The metal work is nickel plated and highly polished.

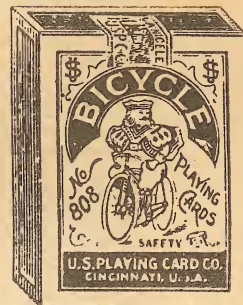

The No. 6 is fitted with a superior archromeniscus lens and the latest style self-setting automatic shutter, which has time, bulb and instantaneous exposures, with bulb and finger release. The brilliant finder is also reversible for convenience when taking snap shots.

Price, \$3.50. Also few at \$1.00 to \$2.00 each.

Stevens' Rifles Stevens-Maynard

Owing to the demand for a low-priced rifle, and at the same time a thoroughly accurate and reliable arm, the Stevens factory have brought out this new model with the celebrated Maynard style of action. This is machine-made and all parts are true to gauge and interchangeable. Price, \$2.75.

Sterling Chainless Bicycles

Price = \$32.00

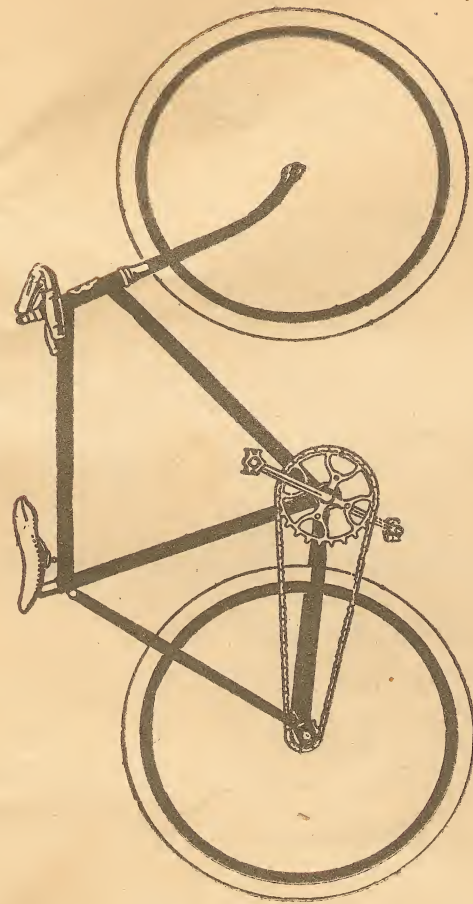

“Built Like a Watch.”

There are no wheels made better than Sterlings. They are the embodiment of strength, durability, life and individuality. In this chainless the Centre Driving bevel-gear is used, the only practical construction.

■ The entire freedom from dirty chain and sprockets, oily bearings, and noisy parts makes it particularly desirable for business and professional men, and for that class of pleasure riders who desire a bicycle requiring practically no care. It is the lightest Chainless Bicycle made.

■ The wheels are as finely constructed and equipped machines as it is possible to build, with Hartford or Morgan & Wright Single Tube Tires, Wheeler Extra or Garford Saddle, Sterling pedals, Adjustable Bars, Tool Bag and Tools. All are beautifully finished in the well-known Sterling Green. The sizes are, men's 22 and 24 inch frames, and women's 22 inch, the gears on men's, 78 interchangeable to 72; women's, 68-84. I can furnish Palmer Tires for \$1.00 extra. This price does not include name plate.

... SPECIFICATIONS ...

22 and 24 inch Frame.

Flush Joints. Two-Piece Crown.

Detachable Sprocket. 2-Piece Hanger. 80 Gear.

Steel Adjustable Handle Bar.

Coil Spring Padded Saddle. Dunlop Tires.

Tool Bag and Tools complete.

I have a limited number of All New Bicycles that I can offer at \$20.00 each and would advise any one who has this amount to put in to a Bicycle to try one. I am fully satisfied they will give perfect satisfaction, or I would not list them.

BICYCLES

I HAVE a very large stock of second-hand Bicycles comprising the following wheels, all in very good condition, ready to get on and ride. I will equip every Bicycle bought of me this season with a new Tool Kit, new Wrench, new Hand Pump, new Oiler, and on receipt of \$1.00 will forward any second hand Bicycle I have in stock for inspection to any place in Ontario; if the same is accepted the dollar will be allowed. I believe this is a fair way to treat customers.
